

PHARMA Inventor

Custom Synthesis Services

 3800 Wesbrook Mall, suite 215
Vancouver, B.C., Canada, V6S 2L9

ABOUT US

PHARMA Inventor Inc. is a Canadian Chemistry Contract Research & Development Services company established by experienced industrial chemists. Our mission is to provide inventive, reliable & high-quality chemistry solutions to our clients' discovery research programs. We are recognized by Life Science BC for our expertise in Medicinal Chemistry projects, Custom Synthesis and Process development.

www.pharmainventor.com

Our Comprehensive Range of Synthetic Chemistry Services

Custom Synthesis: -

- Key intermediates & Building blocks and APIs.
- Drug-Conjugates, Peptides Natural Products.

Reference Standards: -

- Synthesis & High Potency APIs.
- APIs Metabolites & Impurities.
- Bio-assay Reagents.

Medicinal Chemistry: -

- Hits identification & Re-synthesis.
- Hit-to-Lead & Optimization.
- Drug Design & Patentability Search.

ANALYTICAL & CHROMATOGRAPHIC INSTRUMENTS

Bruker NMR Spectrometers (400-600 MHz) Agilent 1100 and 1200 Series Analytical and Preparative HPLC Systems with DAD

Agilent 6890N GC coupled with MS - FID (D5975B, Biotage & Combi-Flash Systems, Microwave Chemical Synthesizers, Karl Fischer Moisture Analyzer.

Jasco P-2000 Polarimeter, PerkinElmer Simultaneous Thermal Analyzer (STA) 6000 (for DSC & TGA), Parr Hydrogenation Apparatus etc.

Fourier Transfer-Infrared Spectroscopy (FT-IR) with attenuated total reflectance (ATR), X-ray Diffraction Analyzer (powder and single crystal methods)

PHARMA INVENTOR INC. ADVANTAGES

- Exceptionally Skilled Global Pool of Scientists, Professionals and Absolute IP Protection & State-of-the-Art Scientific Infrastructure.
- Inventive, Cost-Effective, High Quality & Time Efficient Services.
- WorkSafe BC and WHMIS Health & Safety Standards in Practice.

Anupama Patel, Ph.D.
Chief Executive Officer

- Ph.D. in Organic Chemistry- University of Hamburg, Germany
- Post-Doctoral Fellow – University of British Columbia, Canada
- Senior Research Scientist, Albany Molecular Research Inc., Singapore
- Chief Executive Officer, Pharma Inventor Inc., Vancouver, Canada

Kashinath Sadalpure, Ph.D.
Chief Scientific Officer

- Ph.D. in Organic Chemistry- Indian Institute of Chemical Technology, India
- Post-Doctoral Fellow – Hamburg University & Simon Fraser University
- Senior Scientist positions in Global companies worldwide.
- CSO at Pharma Inventor Inc. Canada

CONTACT INFO

Please feel free to visit our website, www.pharmainventor.com to learn more about us and our services & products. You can also request for a free quote at quote@pharmainventor.com for the services/ products you may need. We appreciate your inquiry & feedback about our services/ products that will motivate us to serve you better in your R&D endeavors.

Location & Address

Our corporate headquarter and laboratory facilities are located only 30 minutes away from Vancouver international airport (YVR, Canada).
